

Seekonk Speedway Trailer races

Tow some fun around Seekonk

August 3rd 2008

These races will be held using team cars with one car hooked up to a trailer and another car used as the defender. As the teams circle the track the object will be for the cars pulling the trailers to complete a selected number of laps with the trailer still hooked up to their car. The defenders are used to try and knock the opponent's trailers loose and defend their own team's car from its trailer being knocked off.

The cars will use the same rules as the figure eight/demo rules for setup and listed below are the trailer rules. Pick up trucks and mini vans can be used for this event that follow the speedway rules.

Trailers:

Minimum trailer length -16' maximum -24'. Measurement is from tongue to trailing edge of trailer. Two or four wheel axles permitted.

Trailers can be campers, boats (Only steel or fiberglass with a FLAT nose) No pointed bows! and open deck trailers permitted.

Jack posts must swivel to horizontal position or be removed.

Open trailers need to have something in them that promote fun for all.

Each trailer will be judged for its starting spot. The better it looks helps each team get the number one starting spot in front. Create a theme that makes your team a winner.

Trailer hitch VERY IMPORTANT standard type hitches 2-5/16" maximum ball size.

Double Safety Chains are MANDATORY.

The rules and/or regulations set forth herein are designed to provide for the orderly conduct of racing events and to establish minimum acceptable requirements for such events, these rules shall govern the condition of all Seekonk Speedway events, and by participating in these events, all participants are deemed to have complied with these rules.

No express or implied warranty of safety shall result from publication of, or compliance with these rules and/or regulations, they are intended as a guide for the conduct of the sport and are in no way a guarantee against injury, or death to participants, spectators or others.
